Never Say Never!!! We have finally been approved for a red light at South Carolina Avenue. The State Highway Administration came to our April meeting and informed us that Boulevard Park meet all (3) three criteria have to warrant a traffic light. They said they estimate that it will take approximately 9 months to a year to have the light installed.

On behalf the Boulevard Park, I would like to personally thank our Vice President, Denise Ledford who spearheaded this campaign. Without her hard work and dedication and not taking "NO" for an answer, Denise was the driving force behind this. She spent countless hours researching and contacting the appropriate people to make this possible. So please whenever you happen to run into her, don't forget to say "Thank You". Without her, this would not have been possible. So thank you Denise Ledford for not backing down and accomplishing the impossible!!!! What would we do without you?

ATLANTIC CITY TRIP

It was another successful trip to Atlantic City on April 21st. We raised \$1,639.18 for the new pier. Though some of our usual people didn't attend this trip (Opening Day of Rock Fishing), we still managed to sell (2) two buses. Of course if you missed this one, don't worry; we are working on another trip for October. Once we pick a date we will let

everyone know, so keep your calendars open!! Thanks Norman & Jane Huffman and John Spiker for always planning a fun filled day.

COMMUNITY CLEAN UP

We had to change our original clean up date from March 17th & 18th to April 12th. I was quite surprised by the lack of participation this year in the Community Clean Up. I figured more people would come out since more people are using the playground area. Remember it doesn't clean up itself. I would like to thank the following people for coming out and helping. Thank You to:

- Denise & Dennis Ledford
- Dean Jerosimich
- Norm Huffman
- Ben Wells
- John Menas
- Gary Page
- Tim Bowser
- John Michalski

And a BIG Thank you to Rick Davis, I would still be standing on that mound of woodchips if it wasn't for you and your bobcat..
